The Japanese Akita as a breed no longer exists. There are now two breeds; American Akita and Akita Inu - both these breeds have their own standards. Once a dog has been assessed as being of either of the two breeds it can be shown in the appropriate classes.

This means that in future both breeds should be classified in the schedule and there should be an identical classification for those dogs yet to be assessed. (Class 1 Akita Inu, Class 2 American Akita and Class 3 Akita Inu/American Akita (not yet assessed))

At all shows where there are entries of un-assessed Akitas, They will be assessed on the day and transferred to the correct breed dogs prior to the judging of the breeds.
